Continuing Education (CE) Activities Chart

Technology is a rapidly changing industry. As an IT professional, you need to stay up-to-date with the latest advancements and keep your skills current. Renewing your certification allows you to prove your skills and maximize your overall return on the time and financial resources spent preparing for and passing your exam.

You have three options to renew your certification:

1. Complete continuing education (CE) activities and earn a sufficient number of Continuing Education Units (CEUs) (annual renewal fee required)

2. Earn a qualifying higher-level CompTIA certification (no annual renewal fee required)

3. Pass the most current version of the exam for your respective, existing certification (no annual fee required)

The following certifications (received on or after January 1, 2011) are valid for three years from the date of certification:

CompTIA Certification	Total CEUs Required for Renewal (within 3-year period)	Yearly Fee*	Total CE Fees (3-year period)*
CompTIA A+	20	$25	$75
CompTIA Data+	20	$25	$75
CompTIA DataSys+	30	$50	$150

PLEASE NOTE: *If you hold multiple CompTIA certifications, you only need to fulfill the CE requirements, including number of CEUs and payments, for your highest level certification. For more information visit:* **CompTIA.org/continuing-education/learn/renewing-multiple-certifications**.
